Dear participants

For the implementation of the Mondraker Enduro Team, we have developed a catalogue of measures based on the specifications of the "[Federal Office of Public Health](#)" (FOPH) in order to guarantee the safety and health of all participants in our event in the best possible way.

HEALTH DECLARATION

All participants as well as the members/volunteers of the organisation have to fill in and sign the health declaration. Accompanying persons may also only travel if the above-mentioned symptoms do not apply.

REGISTRATION / DISTRIBUTION OF START NUMBERS

Registration and distribution of start numbers will take place in Chalet After7 on the car park of the Jakobshorn cable car in Davos Platz. On Wednesday evening, an additional time window from 17.00 to 19.30 hours will be set up for accreditation. The staff wear a mouth-and-nose protection. Access for participants is also only permitted with a mouth-and-nose protection. The distance of 1.5 metres must be maintained wherever possible.

The contact details of all participants will be checked once again during registration to ensure that they are correct. In addition, all participants will be registered where they will be staying on site.

The briefing per race day will be held online.

START AND FINISH BOLGEN

The minimum distance of 1.5 metres and the general hygiene regulations apply in all event areas. All participants are only allowed to enter the start area with a mouth-and-nose protection.

The starting field is limited to a maximum of 450 participants. Two spacious starting areas will be cordoned off, from which participants can move on to the next one. The starting blocks in the morning consist of 50 participants. Every 15 minutes one starting block starts.

Participants and the organisation are required to wear masks within the closed off start/finish area and the starting blocks. After passing the starting arch, participants may take off their masks. Disposal facilities for the masks will be provided.

STAGES / TRANSFER / START AND FINISH STAGES

On the race and transfer courses there is no mask obligation, the participants are advised of the general distance rules. The tracks are outside and the bike automatically gives a certain distance, which in principle exceeds 1.5 metres.

On the transfer routes the mountain railways are partly used. In accordance with the protection concept for public transport, masks are compulsory for participants and the organisation.

The start and finish areas of the individual stages will be approached by participants at intervals. The start and finish areas are located outside and are generously laid out, so that observing the distance rule is no problem.

LUNCH PARTICIPANTS

On Friday and Saturday, the participants will eat in a restaurant on the track. On Thursday the choice of restaurant will be made individually. In the catering establishments the protection concept of the respective operator applies. Participants must comply with the measures in force there.

INFRASTRUCTURE

At the start and finish area at the Bolgen site, the outdoor toilets are exclusively available for the participants and organization of the Enduro Team Race. Showers and cloakrooms are not available.

Dispensers with disinfectant are available at the start number distribution and in the start and finish area.

REPAIR STATIONS

The mechanics at the repair station wear a protective mask when in contact with the customer. Participants are also obliged to wear a mask if a repair is required.

SIDE EVENTS

The Mondraker Enduro Team Party, which traditionally takes place on Saturday evenings, will not take place this year. The award ceremony will take place on the Saturday after the race outside in the meadow at the Bolgen site. There will be no handshakes.

ALLGEMEIN

The FOPH's hygiene and distance regulations must be observed throughout the event. Participants are also requested to download the FOPH's Contact Tracing App.

Rahmenvorgaben für den Sport nach Lockerung der Massnahmen

Spirit of Sport
heisst jetzt ...

- Einhaltung der Hygieneregeln**
des BAG
- Distanz halten**
(wenn immer möglich 1,5m Abstand)
- Symptomfrei**
ins Training/Wettkampf
- Schutzkonzept**
der Vereine und Sportanlagenbetreiber beachten
- Präsenzlisten**
(Rückverfolgung von engen Kontakten – Contact Tracing)
- Training von Sportarten mit engem Körperkontakt in beständigen Gruppen**
(Empfehlung)
- Sportveranstaltung**
– mit max. 1000 Athlet*innen
– mit max. 1000 Zuschauer*innen
– Gruppen von max. 300 Personen, wenn 1,5 m-Abstand nicht möglich ist

Gültig ab 22. Juni 2020

PROTECTION AND HYGIENE MEASURES

HEALTH DECLARATION COVID-19

Mondraker Enduro Team Davos Klosters 2020

In order to comply with the health regulations of Switzerland and for your own safety and the safety of any person participating in the event, all participants are required to fill out and sign a health declaration and hand it in at the registration desk. The entire crew (staff, volunteers, partners, sponsors, media) should also fill out the health declaration and only come to the event if all questions are answered with NO.

QUESTIONNAIRE AND HEALTH CHECKLIST

During the last 14 days	YES	NO
Have you been diagnosed, tested positive or treated for coronavirus disease (COVID-19)?		
Have you or anyone in your household had close contact with a COVID-19 patient in the last few days? Close contact is defined as contact of less than 1.5 metres and longer than 15 minutes without protection (Plexiglas partition or wearing a mask).		
Have you or someone in your household cared for a COVID-19 patient?		
Have you experienced one or more of the following symptoms?		
fever (temperature higher than 38°C)		
breathing difficulties or shortness of breath		
new or worsening cough		
loss of sense of smell or taste or change in the sense of taste		
Sore throat		
headaches		
nausea, vomiting or diarrhoea		
muscle or body pain of unexplained origin		
Have you been in a country with an increased risk of COVID-19 infection, as published by the Federal Office of Public Health (FOPH) ? <i>Please note: The list of countries on the date of your entry/return to Switzerland applies.</i>		

WRITTEN CONFIRMATION

I hereby confirm that I will stay at home and inform the organizer immediately on +41 76 414 75 45 should my answer to one or more of the above questions change in the course of the event.

I have taken note of the above conditions and explicitly confirm that I am able to comply with the health declarations listed.
